About Me

Detail-oriented WordPress Developer with over 3 years of experience across professional and freelance roles. Highly skilled in converting PSD, Figma, and Adobe XD designs into fully responsive, pixel-perfect WordPress websites. Proficient in custom theme development, page builders, and back-end integration using PHP and MySQL. Additionally, experienced in front-end development, creating responsive, user-friendly, and visually appealing web interfaces using HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS.

Work Experience

Digital Ride

25/01/2025 - 20/08/2025

WordPress | Frontend Developer

Custom WordPress Development – Designed and developed fully tailored WordPress themes and plugins to match unique client requirements. Pixel-Perfect Design Conversion – Transformed Figma, Adobe XD, and PSD designs into responsive, dynamic, and high-performing WordPress websites.
